

grocery store

PREVAGUARD™ products have an added layer of defense to protect the products against harmful microbes like bacteria, mold and mildew.

PrevaGuard™* products contain an EPA registered antimicrobial agent that is molded directly into the structure of the product to guard it against stains, odors and deterioration for the item's entire useful lifetime.

Case Study

Client: Grocery Store

Purpose: Pens for warehouse inventory processing

A national grocery store chain recently updated their cleaning and sanitizing protocols. They eliminated the need for cleaning pens during their inventory checks by purchasing affordable BIC® PrevaGuard™ Clic Stic® Pens (#CSANTI). This helps protect the pens by suppressing the growth of bacteria, molds, mildew and fungi, especially in high-moisture environments, like a warehouse.
